

Focused Ultrasound Foundation

Focus Archive Publication Policies

Focus Archive is an OSF-hosted preprint space for rapid sharing of reports, data notes, and methods from Focused Ultrasound Foundation (FUSF)–funded projects.

What we accept

- Research reports, methods/protocols, data notes, and interim updates from FUSF-funded work.
- Include funding/COI disclosures; add ethics approvals when relevant.

What we don't post

- Submissions not funded by FUSF.
- Opinion pieces or commentaries/rebuttals without new data or analysis.
- Content outside focused ultrasound and closely related fields.

Screening (not peer review)

- Submissions are pre-moderated for scope, basic scholarly standards, and professional tone.
- This is not peer review; moderators may request edits or decline out-of-scope items.

Disclaimers

- Preprints are not peer reviewed and are intended for research discussion, not clinical guidance.
- Views are the authors'.

Versioning

- Authors may post revised versions; earlier versions remain available.
